1. OVERVIEW

Beginning with the 2007-2008 school year, all Gettysburg High School students, grades 9 through 12, were issued laptop computers as part of their educational curriculum. It is the Gettysburg School District's belief that these laptop computers will help students develop skills that are critical in our 21st century work world. These skills include:

- Critical and creative thinking
- Problem identification and solving skills
- Information technology proficiency
- Interpersonal and self-direction skills

Laptop computers will allow students to direct their own learning and have a greater reliance on active learning strategies. Students will be able to transfer this knowledge across disciplines. The increased access to technology will enhance instruction and provide more achievement opportunities for our students.

Once the laptop is issued to a student, the laptop will stay with them for the remainder of the school year, or until they withdraw from school. Students will be responsible for bringing the laptops to school with them, taking them home at the end of the day, and charging them for use before the next day.

It is important to note that these units stay with the students 24 hours a day, and are not left unsupervised at school at any time.

2. RECEIVING YOUR LAPTOP & LAPTOP CHECK-IN

Laptops will be issued each fall. **Parents and Students must sign and return the last page of the *Student Laptop Use Agreement* before the Laptop will be issued to the student.** The *Laptop Computer Protection Plan* outlines options for families to protect the laptop investment for the school district. Please review the *Laptop Computer Protection Plan* included in this handbook.

Laptops will be collected periodically throughout the year and at the end of each school year for maintenance, cleaning and software installations. Students will be reissued their original Laptop each year while enrolled at GHS.

2.1 Laptop Check-In

Laptops, accessories, and cases will be returned during final checkout on the last day of school. Students who graduate early, withdraw, are suspended or expelled, or terminate enrollment at GHS for any other reason must return their school laptop computer on the date of termination.

If a student fails to return the computer at the end of the school year or upon termination of enrollment at GHS, the student will be subject to criminal prosecution or civil liability. The student will also pay the replacement cost of the computer, or if applicable, any insurance deductible. Failure to return the computer will result in a grand theft report being filed with the Gettysburg Police Department.

Furthermore, the student will be responsible for any damage to the computer, consistent with the district's *Laptop Computer Protection Plan* and must return the computer and accessories to the school in satisfactory condition. The student may be charged a fee for any needed repairs not to exceed the replacement cost of the computer.

2.2 Check-In Fines

If your laptop and/or carrying cases have been damaged or defaced, you will be fined respectively for the damage at the end of the year during the student laptop check-in or when checking out to transfer to another district.

If a student laptop is not returned during the year-end check-in or upon transferring out of the district, the administration will be in charge of seeing this equipment is returned in a timely manner. If the administration is not successful, this matter will be turned over to the local law enforcement.

3. TAKING CARE OF YOUR LAPTOP

Students are responsible for the general care of the laptop they have been issued by the school. Laptops that are broken or fail to work properly must be checked in with the technology coordinator, Shane Wager.

3.1 General Precautions

General precautions include the following:

- ◆ No food or drink is allowed next to your Laptop while it is in use, as per school policy.
- ◆ Cords, cables, and removable storage devices must be inserted carefully into the Laptop.
- ◆ Students must transport their laptops with the screen closed. Do not carry it open. Do not carry the laptop by the corner of the screen or body.
- ◆ To conserve battery life, laptops should be put in *standby* mode before moving to your next class. Please shut down your computers if you are not using the laptop during the next class period. Do not store computer in *standby* mode in your carrying cases for long periods of time.
- ◆ Laptops must remain free of any writing, drawing, stickers, or labels that are not the property of the Gettysburg School District.
- ◆ Laptops must never be left in a car or any unsupervised area.
- ◆ Students are responsible for arriving at school each day with their laptop's battery charged for school each day.

3.2 Carrying Laptops

The protective cases provided with the laptops have sufficient padding to protect the laptop from normal treatment and provide a suitable means for carrying the computer within the school. The guidelines below should be followed:

- ◆ Laptops should always be within the protective case when carried. Have the screen closed when carrying your laptop.
- ◆ The carrying cases can hold other objects (such as folders and workbooks), but these must be kept to a minimum to avoid placing too much pressure and weight on the laptop screen.
- ◆ The laptop must be in *standby* mode or turned off before placing it in the carrying case to travel from class to class.
- ◆ The Laptop must be turned off before placing in the carrying case at the end of the day.

3.3 Screen Care

The laptop screens can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.

- ◆ Do not lean on the top of the laptop when it is closed.
- ◆ Do not place anything near the laptop that could put pressure on the screen.
- ◆ Do not place anything in the carrying case that will press against the cover.
- ◆ Do not place anything on the keyboard before closing the lid.
- ◆ Clean the screen with a soft, dry cloth or anti-static cloth.
- ◆ Do not poke the screen. Avoid touching the screen for easier cleaning.

4. USING YOUR LAPTOP AT SCHOOL

Laptops are intended for use at school each day. In addition to teacher expectations for laptop use, school messages, announcements, calendars, and schedules may be accessed using the laptop computer. Student must be responsible to bring their laptop to all classes, unless specifically instructed not to do so by their teacher.

4.1 Laptop Left at Home

If students leave their laptop at home, they must immediately phone a parent to bring it to school. Repeat violations of this policy will result in disciplinary action.

4.2 Laptop Undergoing Repair

Loaner laptops may be issued to student when they leave their laptops for repair at the technology office. There are a limited supply of laptops to be loaned out.

4.3 Charging Your Laptop's Battery

Laptops must be brought to school each day in a fully charged condition. Students need to charge their laptops each evening. Repeat violations of this policy will result in disciplinary action.

In cases where use of the laptop has caused batteries to become discharged, students may be able to connect their computers to a power outlet in class.

4.4 Sound, Music, Games, or Programs

Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes.

Do not save any music, games, or programs to the hard drive. All software must be district provided. Storage space is available on the desktop. ***This data will NOT be backed up in case of re-imaging.***

4.5 Printing

Students may use network printers with teachers' permission during class or breaks.

4.6 Screensavers & Wallpaper

Only school appropriate media may be used as a screensaver. The presence of weapons, pornographic materials, inappropriate language, alcohol, drug, or gang related symbols or pictures will result in disciplinary actions.

4.7 Home Internet Access

Students may connect to the internet for a location outside of the school but must understand that they are still using school equipment and all school rules and policies still apply.

5. MANAGING YOUR FILES & SAVING YOUR WORK

5.1 Saving to My Documents

Students will be logging onto our network in order to automatically back up their work. Students will have their own user account and folder on the network with ample space to back up any school-related work.

Students will need to save all documents to their individual school network server. The folder will automatically save a copy of all student documents to the high school server while they are on the high school network. When a student adds a document to the folder while working at home or away from school, that document will be copied automatically to the school server when the student logs onto the network at school.

Additional folders in the folder may be created or added by the student. All student work should be stored in one of the folders.

Only files stored in that folder will be automatically backed up and saved. Student work saved to a different location on the computer will not be saved to the high school server.

5.2 Saving data to Removable storage devices

Students should also backup all of their work at least once each week using removable file storage. Removable flash drive may be purchased at a local retailer.

It is the student's responsibility to ensure that work is not lost due to mechanical failure or accidental deletion. ***Computer malfunctions are not an acceptable excuse for failing to submit work.***

Non-school related material should be saved to these removable storage devices.

Your laptop must be shut off before leaving school and, if the laptop is used at home, shut off before returning to school. Not shutting down the computer can result in various problems and incompatibilities which can result in lost work or undesirable performance.

6. SOFTWARE ON LAPTOPS

6.1 Originally Installed Software

The software originally installed at the start of the year must remain on the laptop in usable condition and be easily accessible at all times.

The Laptop is supplied with the Microsoft Windows 10 operating system and with additional software. Licensed software provided with all new laptops includes:

- ◆ Adobe Acrobat Reader
- ◆ Microsoft Internet Explorer
- ◆ Chrome
- ◆ Firefox
- ◆ VLC Media Player
- ◆ Microsoft Office 365 Full Suite
- ◆ Windows Media Player
- ◆ Windows Defender
- ◆ LANSchool

From time to time the school may add software applications for use in a particular course. The licenses for this software require that the software be deleted from Laptops at the completion of the course. Periodic checks of Laptops will be made to ensure that students have deleted software that is no longer required in class and that the school has not exceeded its licenses.

6.2 Virus Protection

The Laptop has anti-virus protection software. This software will scan the hard drive and floppy drive for known viruses on boot up. The virus software will be upgraded from the network. The school's storage server and e-mail server are also installed with virus protection software and hardware.

6.3 Additional Software

It is the responsibility of individual students to be aware of additional software programs and files loaded onto their Laptop. Students are responsible for maintaining the integrity of software required for facilitating academic activities.

- ◆ Students are responsible for ensuring that only software that is licensed to their Laptop is loaded onto their computers.
- ◆ Violent games and computer images containing obscene or pornographic material are banned.

6.4 Inspection

Students may be selected at random throughout the year to provide their Laptop for inspection.

6.5 Software Upgrades

Upgrade versions of licensed software are available from time to time. Any upgrades will be done by the Network Administrator.

6.6 Procedure for Re-loading Software

If technical difficulties occur or non school issued software is discovered, the technician will re-format the hard drive. Authorized software will be installed and the data files reinstated. The school does not accept responsibility for the loss of any software deleted due to the reformat or re-image.

LAPTOP COMPUTER PROTECTION

The Gettysburg School District recognizes that with the implementation of the Laptop initiative there is a need to protect the investment by both the District and the Student/Parent. The following outlines the areas of protection: warranty, accidental damage protection and insurance. The term "Laptop" refers to the laptop machine itself, the stylus, the battery, and any other component of the device.

INSURANCE FOR ACCIDENTAL DAMAGE, THEFT, LOSS OR FIRE: Following are the three options that are available for these types of losses, and the Student/Parent must commit to one by checking the appropriate box.

No Insurance

You agree to pay for the replacement and repair of the Laptop at a cost not to exceed \$1200 should the Laptop be stolen, lost or damaged.

Personal Insurance

You will cover the Laptop under your own insurance policy and in the case of accidental damage, theft, loss, or damage by fire you agree to pay the District the amount received from your insurance company plus any additional amount needed to cover the Laptop replacement not to exceed \$1200.

School District Protection

You choose to pay the school district an annual protection payment for coverage of accidental damage, theft, loss or damage by fire to the Laptop in the amount of \$25.00 or \$50.00 for family coverage when there are two or more children in high school using Laptop computers. The \$25.00 payment is non-refundable. This annual coverage begins upon receipt of the payment and ends at the conclusion of each school year.

ADDITIONAL INFORMATION: In cases of theft, vandalism and other criminal acts, a police report, or in the case of fire, a fire report **MUST be filed by the student or parent** for the protection coverage to take place. A copy of the police/fire report must be provided to the principal's office.

INTENTIONAL DAMAGE: Students/Parents are responsible for full payment of intentional damages to Laptops. The School District Laptop Protection **DOES NOT** cover intentional damage or damage due to carelessness.

Student Name: _____ (Please Print)

The Student Laptop Use Agreement does not include everything that may possibly happen during the school year. If any situation not specifically covered should arise the administration will make every effort to act fairly and quickly. Each situation is different and will be handled on an individual basis. Take the time to know the rules and regulations you are expected to follow and many of the little problems can be avoided. If you have question or problems come see the principal.

I have received, read, and discussed with my child the terms of this agreement and the policies listed in the Student Laptop Use Agreement. I understand the terms of the Student Table Use Agreement and the options for insurance coverage of the laptop.
