You can pay for school lunches online!

If you do not have your family lunch account set up through Wordware, please contact either me or Nancy in the Business Office and we can get you a family key so you can get that set up.

If you already have an account set up (can check your lunch balance, etc) all you have to do is go to family.wordwareinc.com and log into your account and add money to your account. The first time you do that you will have to add your payment information.

There is a fee for the online usage. Fees are as follows: Less than \$100 Fee \$2.75 For each additional \$100 you pay, you will be charged an additional \$2.75.

If you need a family key or have any questions, please contact the business office at 605 765-2436 or you can email me at barb.everson@k12.sd.us or Nancy Smith at nancy.smith@k12.sd.us.

Thanks!

Barb Everson
Business Manager
